

The SunShine Project

The day new born Baby Ranha arrived at SunShine

The SunShine Project provides home, shelter, education, love and care to abandoned or orphaned children of Luxor and surrounding areas in Upper Egypt. In May of this year a little baby girl (seen above) called Ranha joined the family. Two days later, two little baby boys also came to the project, swelling the number to a total of 92 children living and being cared for in every way by the SunShine Project. We desperately need to continue to raise extra funding to help support the children. This year our costs have increased dramatically with the extra needs for the village and the addition of our new babies. If you or anyone you know can help the charity by making a donation towards the extra costs, however small, it will be truly appreciated.

I would like to make a donation of £-----
